BENEFIT IN KIND COMPANY CAR TAXATION¹

If you choose a new Chevrolet as your company car, you are liable to pay Benefit in Kind company car taxation. The amount you pay is based on the car's list price (including VAT) plus options and accessories fitted, delivery to the Retailer and number plates (but excluding Vehicle Excise Duty and new vehicle first registration fee). This figure is multiplied by the percentage charge for the car's CO₂ emissions band (see table below), then multiplied again by your personal income tax rate (20% for Basic Rate, 40% for Higher Rate for the 2009-10 tax year), to calculate your annual benefit in kind tax liability.

EXAMPLES:		Percentage of car's price to be taxed
